Vanguard Award

## Introducing the NAHMA 2012 Affordable Housing Vanguard Award™

The NAHMA Affordable Housing Vanguard Award has been created to recognize newly developed affordable multifamily housing communities that showcase quality design and financing through their creation.

The Vanguard Award celebrates success in the multifamily affordable housing industry by recognizing and benchmarking new, quality multifamily affordable housing development. The award will:

- Pay tribute to developers of high-quality affordable housing
- Demonstrate that exceptional new affordable housing is available across the country, and that it is a positive addition to any neighborhood
- Demonstrate that the affordable multifamily industry must be creative and innovative to create exceptional properties given the financing and other challenges to development
- Highlight results of private-public partnerships required to develop today's affordable housing
- Share ideas for unique design and financing mechanisms with industry practitioners to further stimulate creative development in the affordable multifamily industry

The Vanguard Award complements NAHMA's Communities of Quality (COQ) National Recognition Program, through which multifamily properties are certified as having achieved a high standard of excellence in the way they are managed, the services they provide residents, the experience and training of personnel, and other criteria. However, newly developed properties are too new to meet criteria of NAHMA's COQ National Recognition Program (particularly in the inspection and financial audit categories), hence the creation of the Vanguard Award to recognize these properties. As the properties mature, they will become eligible—and will be encouraged—to enter NAHMA's COQ National Recognition Program.
