The Honorable Barbara Mikulski
Ranking Member
Senate Appropriations Subcommittee on
VA-HUD and Independent Agencies
128 Senate Dirksen Building
Washington, DC 20510

Dear Chairman Bond and Ranking Member Mikulski,

We, the undersigned organizations, are writing to seek your commitment to ensure the Section 8 voucher program is sufficiently funded to renew all existing commitments and to permit housing agencies to lease their authorized level of vouchers in Fiscal Year 2004.

Our members represent owners and landlords who accept Section 8 vouchers. We support this important program. Everyday, we see the positive difference it makes in the lives of our tenants.

As you are aware, questions have been raised about the adequacy of funding for the Section 8 voucher program. We are extremely concerned about the conclusions reached by Center for Budget and Policy Priorities (CBPP) analyses which suggest the Section 8 voucher program would be underfunded by the Department's budget request and the Fiscal Year 2004 VA-HUD appropriations bill recently approved by the House of Representatives (HR 2861). If these analyses are correct, vouchers currently in use by 184,000 families could be jeopardized under the budget request, and an estimated 63,000 vouchers currently in use may be cut under the House funding level. We are very concerned by these analyses, because they suggest thousands of low-income families could lose their housing assistance due to inadvertent miscalculations.

We understand that HUD does not agree with CBPP's conclusions. Therefore, we have strongly urged the Department to work closely with the House and Senate Appropriations Committees to ensure that the funding levels are sufficient to permit housing agencies to lease their authorized level of vouchers, thereby avoiding a reduction in this scarce housing resource.

Your strong and consistent support of affordable housing programs has been greatly appreciated. As you prepare the Senate VA-HUD appropriations bill, we respectfully seek your continued commitment to fully funding the Section 8 voucher program.

Thank you for your consideration of this important matter. Please let us know if we can be of assistance.

Sincerely,
