SUBJECT: Guidance on the Use of Section 538 Guaranteed Rural
Rental Housing Program with Section 515 Properties

The intent of this Unnumbered Letter (UL) is to clarify issues concerning the use of Section 538 loan guarantees in transactions involving the revitalization and preservation efforts of existing affordable housing properties financed with Section 515 direct loans. It is written for the sole use of the Rural Development State Office staff and area offices involved in processing Section 538 guaranteed loan applications received in conjunction with existing Section 515 property transfers and the Multifamily Preservation and Revitalization (MPR).

The use of the Section 538 program enhances Rural Development's capacity to attract private capital to support the revitalization of the Section 515 portfolio. The Section 515 Rural Rental Housing program and the Section 538 Guaranteed Rural Rental Housing program have different regulatory frameworks. This UL intends to reconcile the procedural differences between the two programs.

The attachment to this UL is titled "SECTION 538/515 PROGRAM REQUIREMENTS MATRIX". Column A contains several program requirements that are addressed in this UL. Column B contains an overview of the program requirement from the Section 538 perspective. Column C contains an overview of the program requirement from the Section 515 perspective. It should be noted that both Column B and Column C are only summary statements. Reviewers should rely on the respective regulations and handbooks for each program for detailed program guidance. Column D outlines the program requirements Rural Development staff should utilize for each program requirement contained in Column A. The guidance provided generally directs

Changes to Chapter 7 that have an effect on the processing of Section 515 and Section 538 joint transactions are reflected in the Matrix.
