TO: All Owners and Management Agents for HUD Insured or Assisted Multifamily Properties

SUBJECT: Reminder of Procedures in the Event of Resident Displacement and/or Property Damage

As Hurricane Irma approaches the Southeast, HUD wants to remind you of the procedures and tools available for owners and residents impacted by disasters. This information will make post-recovery efforts go more smoothly if an event occurs that impacts your residents and/or your property.

A website has been established with information and guidance in the event of a storm event or disaster. The website, Multifamily Housing Guidance for Disaster Recovery, can be accessed at: <http://www.hud.gov/offices/hsg/mfh/disasterguide.cfm>. For your convenience, [Chapter 38: Multifamily Emergency/Disaster Guidance](#), from HUD Handbook 4350.1 is attached to this communication. HUD encourages you to review this material before an event occurs.

Following an event that impacts residents and/or properties, HUD has reporting obligations based on information staff obtains from Owners and Management Agents of HUD insured and/or assisted properties. Owners and Management Agents are obligated to always immediately report physical damage to a property interior or exterior that has resulted from a fire, flood, wind, severe cold, or other natural disaster or weather event. It is most convenient for all parties if Owners and Agents proactively report to HUD. Owners are encouraged to complete and forward damage assessments to HUD. Please use the forms as follows:

- For a FEMA Declared Emergency or Disaster: Preliminary Disaster Assessment (Appendix A-3 of Chapter 38 of Handbook 4350.1.)
- For an Event not declared by FEMA: Basic Damage Assessment

Please forward the appropriate Assessment Form within 24 hours of the damage. Either form should be legibly handwritten and emailed to **DamageAssessmentsFlorida@hud.gov** .

Updated reports should be submitted as additional information is available concerning resident displacement or regarding the level/amount of damage sustained. While the Department is not a payee on an insurance loss draft for a property with an insured

mortgage, HUD must still be notified of the event and any damage sustained to the property.

If you need additional information for your specific property, please contact HUD at 678-732-2743.

OWNER RESPONSIBILITIES

Owners/agents are responsible for:

- Developing an emergency relocation plan to relocate residents prior to the storm especially at 202/811 Elderly or Disabled Properties and nursing homes;
- Developing a pre-disaster checklist that is shared with tenants in case of a disaster;
- Ensuring that the property and records are secured and that residents' possessions and valuables are secured and protected to the greatest extent possible.
- Contacting FEMA for on-going guidance and instruct residents to register with FEMA through 1-800-621-FEMA (3362), or www.fema.gov.
- Applying for assistance with FEMA, Small Business Administration, Housing Finance Agency and others;
- Contacting the local HUD office following a disaster;
- Providing a status report for the residents and property condition;
- Ensuring that residents provide EMERGENCY contact numbers;
- Determining the extent of damage, security needs, resident property protection needs, etc.
- Contacting the property's insurance provider to apply for property and business interruption claims;
- Maintaining inventory of all residents, property, phone numbers, mailing address, and emails;
- Determining which residents have been displaced due to unit damage or a failure of a major building system such as the electrical system, etc.; and
- Tracking each displaced resident's temporary location and maintain contact information for each displaced resident, particularly if the property will likely have units off-line for more than 30 days.
