

Landlord Participation Webinar Series

Increasing Landlord Participation in the Housing Choice Voucher Program

WEBINAR 1: BACKGROUND AND INTRODUCTION

The U.S. Department of Housing and Urban Development invites you to participate in a series of webinars on the Housing Choice Voucher (HCV) Program.

The first webinar in this series will review information gathered during the recent HCV Landlord Listening Forums and PHA focus groups. The information in this webinar will set the stage for the subsequent webinars, which will introduce new resources focused on improving landlord participation in the HCV program.

Who should participate: Current HCV landlords, landlords interested in the HCV program, PHAs, rental housing industry groups, and others interested in the landlord's role in the HCV program and what HUD is doing in this arena.

This webinar is free. However, please register in advance. Information on how to access the webinar will be emailed to registered participants approximately 1 week prior to the webinar.

Webinars 2 and 3 are tentatively scheduled for April and July 2020.
