NAHMA Announces App for Smart Devices

Alexandria, Va., Oct. 7, 2020 — The National Affordable Housing Management Association (NAHMA) is pleased to announce the creation of its new app, available for Android and Apple devices. The NAHMA app allows users to access NAHMA website content, including the latest legislative and regulatory news, register for events, or make purchases in the NAHMA Online Store on any smart device. Members are able to sign in and access restricted content in the Members Only section.

The NAHMA app will automatically update as content is added to the NAHMA website, so members can stay informed while on the go.

To download the app visit either the Apple or Google app store and search NAHMA or click on the following links:

- Apple AppStore: <https://apps.apple.com/ua/app/nahma/id1520375840>
- Google Play: <https://play.google.com/store/apps/details?id=org.nahma>

“In our continuing commitment to provide the best service to our members, we are pleased to announce the release of our new app,” Kris Cook, CAE, NAHMA executive director, said. “We know our members have busy lives and aren’t always near a computer when they need the latest affordable housing industry news. The NAHMA app provides one more tool our members can use to learn about NAHMA’s educational programs, get the latest industry news, take part in urgent grassroots advocacy initiatives, or register for our annual events.”

NAHMA is the leading voice for affordable housing management, advocating on behalf of multifamily property managers and owners whose mission is to provide quality affordable housing. NAHMA supports legislative and regulatory policy that promotes the development and preservation of decent and safe affordable housing, is a vital resource for technical education and information and fosters strategic relations between government and industry. NAHMA’s membership represents 75% of the affordable housing industry, and includes its most distinguished multifamily owners and management companies. Visit www.nahma.org for more information.
