### 2002 SuperNOFA Federal Register March 26, 2002

The 2002 SuperNOFA published yesterday. This year the program totals \$2.2 Billion in grants. There are some significant changes from previous years, most notably the Drug Elimination programs are gone, and HOPE VI has been peeled out from this NOFA to be issued later in the year. For the first time grant applications will be judged in part on how well you have done in hitting your targets and outcomes on previous grant awards.

HUD has set up downloadable application kits, and full details on all of the programs can be obtained from HUD's website at <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>. Hotlinks to the NOFA sites are set up on the NAHMA Web site, Federal Register section, <http://www.nahma.org/member/federal.html>

Pages 2 to 8 contain the full NOFA summary program table that lists all funds available, application dates, and application submission locations.

The two main production programs, 202 and 811 are set as follows:  
Section 202 - \$485.6 million - Application Deadline is June 5, 2002.  
<http://www.hud.gov/offices/adm/grants/nofa/grpsec202.cfm>

Section 811 - \$117.5 million - Application Deadline is June 5, 2002  
<http://www.hud.gov/offices/adm/grants/nofa/grpsec811.cfm>

The Satellite and WebCast briefing for applicants in the 202 and 811 Programs is April 15<sup>th</sup>, from 11:30 AM to 5:00 PM Eastern time. Recall that you can reserve a seat at your local HUD field office where you will be able to ask questions directly over the satellite link. You can also attend from your office using the internet, but a high speed connection is really necessary for that option to work well. If you want to attend in person here in Washington you can, there are generally a number of seats available in the HUD studio. Contact us if you want to be added to the guest list here in Washington.

The balance of the WebCast briefing dates are posted on the NAHMA Web Site.
